Responsibilities

- Elected for the July 2013 Board Meeting (Ottawa).
- Half-way through a three-year term.
- Attends Board meetings on behalf of our constituency.
- Elected by the Board to the Executive Committee.
- Joined the Steering Group for the TB Identity Project.
- Selected to join the Task Force for the Global Plan to Stop TB.

Constituency Communications

- What is happening at and between the Board meetings is communicated via existing channels (main Partnership listserve, website), so not looking to duplicate.
- Primary communication via our listserve:

stp-developed@googlegroups.com

- But... In practice, this is one-way communication. Is it helpful?

Building the Constituency

- We should have elections to choose the next representative for 2016 – probably two more Board meetings.
- How do you want me to build and support the constituency over the next 18 months?
- What do you want to hear about?
- What channels of communication are most helpful?
